---

While the COVID-19 crisis is a global pandemic -- impacting all corners of the world -- our responsibility is to provide the information, guidance and tools that will **help Westminster continue to be the vibrant community we all know it to be.**

In order to provide cohesive and consistent messages about Westminster's economic recovery efforts, we have developed **WestyRISE**.

**WestyRISE is the only COVID-19 economic recovery initiative that specifically addresses the needs of the Westminster business community**, and our community at large.

One of the first programs developed under WestyRISE was the WestyRISE Business Grant. We had an overwhelming response to this program with more than 400 applications in the first 48 hours after it was launched.

**WestyRISE will encourage innovative ideas** when approaching the challenges we are now and will be facing during these unprecedented times. Expect to see more about WestyRISE in the future, as we all address the long road to economic recovery, together.
