City to provide face coverings to local businesses

As Westminster businesses work to reopen, we strive to foster the economic health of our city while prioritizing the health and safety of staff and customers. Westminster City Council continues to work to protect public health by passing a resolution requiring all people above age three, who are medically able, to wear non-medical cloth face coverings in local businesses.

[Read the complete story](#)

[Read the resolution](#)

Additionally, Westminster City Council has authorized funding to procure cloth face coverings to support our local businesses who wish to provide face coverings to customers who may not come prepared with their own. Our goal is to provide short-term assistance to businesses who have not yet identified a reliable supply chain for face coverings by providing a limited quantity in the coming weeks (anticipated delivery date possibly the week of May 25).

Staff is currently working on the logistics and timeframe to support this effort. **To help us prepare, please let us know if your business is interested in receiving an initial supply. Please complete a brief survey -- link provided below.**
