Local Veterinary Practice Earns Coveted Fear Free Practice Certification

Westminster, CO – Can you imagine telling your dog, “Let’s go to the vet!” and seeing her tail wag? How about getting out your cat’s carrier and seeing him come running?

Local pet owners won’t need to imagine it if they visit PetVet365 in Westminster. That’s because they are part of an impactful initiative known as **Fear Free**[®], which is designed to ease the fear, anxiety, and stress so many pets experience while at the veterinarian. **Dr. Ashley Tan** and **Dr. Sarah Hilliard** co-own the veterinary practice- and have designed everything inside with the goal of eliminating fear, stress and anxiety for their patients.

Fear Free Practice Certification takes Fear Free implementation from an individual to a joint effort as practice team members work together to safeguard the emotional wellbeing of their patients, clients, and each other.

Founded by Dr. Marty Becker and developed by hundreds of experts in behavior, medicine, and handling, Fear Free[®] offers online and in-person education to veterinary professionals, the pet professional community, animal shelter staff and volunteers, and pet owners. **Fear Free provides both professionals and pet lovers alike with the knowledge and tools to look after a pet’s physical and emotional wellbeing.**
